

QUESTIONS AND ANSWERS

RFP for Biometrics-Based Identity Management System

Project# 13-14

April 30, 2013

To: All Prospective Respondents

From: Houston Community College, Procurement Operations

Subject: Informational Letter # 2 – The following questions were received in Procurement Operations within the time period specified in the solicitation document Request for Proposals (RFP) for a Biometrics-Based Identity Management System (Project# 13-14).

Question # 1:

In regards to the number of users, how many authentications will occur on the busiest day?

HCC Answer:

There should not be more than 5,000 on the busiest day because even during finals, students are taking exams on different days and at different times.
